

To the members of the USJA:

The total vote count as reported by the independent accounting firm hired by USJA for the USJA Board of Directors Election is listed below.

It appears that the eleven candidates receiving the most votes far out-distanced the rest of the field. I congratulate the eleven members of the new board. The eleventh highest vote getter Bill Montgomery had more than 450 votes more than the twelfth highest vote getter, Jesse Jones.

The independent audit should be completed by Friday (the 16<sup>th</sup> of October) and its results will be reported to the USJA membership. With such a large vote differential between those that won the majority and those that did not get elected, it seems the USJA electorate has made a clear mandate for who they wish to lead them in the new term. Good luck to all of the New Board members and thanks to all those that threw their hats in the ring.

ML Bregman, Chairman, USJA Election Committee, 15<sup>th</sup> October, 2009.

1. Gary Goltz 1204
2. Dr. AnnMaria DeMars 1180
