USJA Background Screening Procedures

1. All parties to be screened must do so through Southeastern Security Clearance, Inc. (SSCI)*.

2. All reports are electronically mailed directly to the Chief Screener’s home. Nothing from SSCI goes directly to the National Office.

3. The Screened member’s Name, and DOB, and is then E-Mailed to USJA’s National Office. To verify that the Screened Names have been received, the USJA’s National Office then will forward back to the Chief Screener, via e-mail, exactly what has been sent to her.

4. The National Office then notifies the member in writing (or electronic mail, if that is the preferred method of communication), that they have successfully been screened and they include a new membership card with the screening expiration date on it.

5. If there is a felony or misdemeanor record involving 1. crimes against children, 2. sexual abuse, rape or assault, 3. crimes of violence, 4. Other enumerated felonies and/or misdemeanors, the applicant is notified by the National Office by mail, (or electronic mail if that is the preferred method of communication), that a disqualifying event has appeared on their screening report and that the matter will be referred to the Standards and Ethics Committee. A copy of this letter is sent electronically to the Chairman of the Standards and Ethics Committee. Please note that charges of the nature outlined above, can result in screening being denied. USJA Code of Ethics has zero tolerance for Pedophilia and crimes against children. A misdemeanor Pedophilia charge will be referred to Standards and Ethics Committee for investigation, report, and recommendation to the Board of Directors for final disposition.

6. The Chief Background Screener determines if they believe the member is a danger to others, and reports said findings to the Chair of Standards & Ethics for further review and/or action.

7. This process of the Background Screening is completed on an individual basis. A screening clearance may be given with certain restrictions, directions and/or future rescreening requirements imposed. An applicant also may be denied.

8. If there is a felony record, the matter is referred to the Standards and Ethics Committee for investigation, since it is contrary to our Code of Ethics for a member to be a convicted felon.

9. The applicant is notified of this in writing by Chair of Standards and Ethics.

10. The Standard and Ethics Committee then initiates an investigation and makes a recommendation to the Board of Directors and the Board renders a disposition.

11. This Background Screening is good for 4 years. All actions and determinations taken by the USJA in this Screening process may be appealed directly to the Board of Directors.
